

SENTARA HEALTHCARE

"If you're interested in feeling fulfilled at the end of the day, you think you can multitask, and you like a little bit of a controlled chaos, the Periop101 program is definitely the place for you."
- Melissa Berdecia

PERIOPERATIVE 101 INTERNSHIP PROGRAM

TARGET APPLICANT:

This 15-week long Operating Room (OR) Internship is for new graduate nurses, experienced nurses wishing to change specialties, or foreign OR nurses transitioning to OR nursing in the US.

PROGRAM INCLUDES:

- Formal delivery of fundamental perioperative concepts and standards
- Policy review, case study review
- Hands-on experience in the Operating Room alongside a trained nurse preceptor
- Opportunity to share your experiences/networking with peers in a safe, protected environment
- Exposure to evidence-based practice guidelines as recommended by AORN (Association of periOperative Registered Nurses)

PROGRAM BENEFITS:

- Receive expert knowledge and advice before you get into the clinical setting
- Gain clinical experience at a hiring hospital
- Transition into a competent Operating Room nurse at the novice level
- Improved critical thinking and communication skills
- Increased job satisfaction and professional commitment
- Receive ongoing mentorship throughout your career
